

Airfusion Climate III 132cm DC Fan Only In Black

DESCRIPTION

The simplicity in design of the Climate III, with its reversible blades, gives this fan a designer appeal. Being an indoor-only fan, it would be perfect to use in a medium to large size bedroom.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Reversible Blades

The blades come in black but can be flipped over for an oak look.

Remote Control

6-speed remote control with timer function and natural wind mode included.

Optional Light

Versatility to use light with the light kit (sold separately - 210644).

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms between 3m x 3m and 4m x 4m, we recommend a fan between 122cm and 142cm.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
