

Atlanta 142cm DC Fan and Light in Black

DESCRIPTION

The Atlanta is a DC ceiling fan that uses less electricity while producing the same airflow and silent motor operation. With 7 ABS blades, the Atlanta is coastal rated, and great to use in homes that are in areas of Australia that feature quite high humidity.

Available in 56 inches in white or black.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6 speed remote control with natural wind mode.

Optional Light

Versatility to use light with included GX53 globe, or use included cap to cover the socket for a no light option.

Coastal Rating

Suitable for indoor, alfresco and coastal areas provided the fan is fully undercover, protected from water, wind, dust and salt, with a minimum of 1 walls.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
